## COMMENTS FROM THE TOWN MANAGER'S OFFICE

Residents are again reminded that Monday, May 15, will be Bethel's Annual Clean Up Day. Highway Department crews will be picking up refuse placed at roadsides in all parts of town on that day. Items such as leaves, etc., should be placed in disposable containers and brush should be tied in bundles. Waste materials should weigh no more than can be lifted by two people.

Residents should also note that burning permits are required for the burning of brush or grass. Permits may be obtained from Fire Chief Bob Davis and Assistant Chiefs David Myers and Bernie Rice. We urge extreme care with outside burning as conditions are very dry even though spots of snow remain in some locations.

Fishing licenses can be obtained at the Town Office, Monday-Friday, between the hours of 8 a. m. and 5 p. m. Adult resident season licenses are \$7.50 and combination licenses are \$12.50.

The Board of Assessors is still continuing field work for setting 1978 valuations. The Board met Monday evening at the Town Office and Orin Sprague and Joseph Harvey met with the Board to discuss acreage questions about their respective properties.

## LIBRARY OUTREACH PROGRAM WEEK OF MAY 30 - JUNE 3

Plans continue to go forward for the Bethel Library Outreach Program "A Time to Pretend," which will be held during the week of May 30 to June 3. Films have been ordered from the State Library for the week day programs which will involve each class at Crescent Park, Ethel Bisbee and Locke Mills schools. Other developments of the Fair include the cooperation of elementary art teacher, Audrey Taylor in creating a festive atmosphere visually, and the addition of a second-hand book stall, featuring children's books. Funding for the Celebration Mime performance will be through private contribution, matched by the library trustees. Any individual or business wishing to contribute financially should contact Virginia Keniston or Cathy Newell.

## BETHEL CB CLUB MEETS TONIGHT

A penny auction will be held at this month's meeting of the CB Club tonight in the Bethel Savings Bank community room at 7:30. Instead of the mystery box there will be a half and half drawing.

Where can you go if you don't know where you have been? Preservation is not primarily concerned with the history of great men and women whose past is found in books. Instead it is more concerned with the story of people who settled the land and created a special environment. It is the story of great grandparents, parents, and ourselves—how we lived, worked, worshipped, and played. This history is found around us—on our streets, houses, churches, factories and parks. All of us care—for ourselves and children. Once lost, and much is already gone, it can never be recreated.

— Mrs. Colista Morgan, Corres. —

It was evening, flat wavelets speckled the channel, flicked by a tiny breeze. I sat by my kitchen window waiting for my coon to come for his evening meal.

My camera was ready. Imagine my surprise, when just at dusk, I saw a white flash, turned on my light, and ambling out of the shadows looking somewhat like a shadow himself, appeared a skunk, more white than black. His whole attention was on food. He sniffed his way along and was perhaps a little nervous. At first he crunched away at some seeds. The light and flash of the camera bothered him not at all. After checking the area for bugs he began to eat the bit of meat from a bone. I remained still and watched with no idea that the coon would now come. About 10 minutes passed and I sat at ease taking a few more pictures.

Suddenly a dark shadow appeared and turned to look directly into the light. The coon! How beautiful he was! I fully expected the skunk to wreak havoc with his chemical weapon; for he raised his tail. But our Dr. Jeckyl-Mr. Hyde did no such thing. As the two neared each other, I became mesmerized. Click, went my flash getting the two together (I hope). Away went the coon and did not return again until sometime in the night. Skunk ate his fill then ambled away.

They returned the next evening; skunk at 7:15 and coon at 7:30. This time coon galloping in, snarled and skunk moved out. I waited; this time with my light on the spot and my window open so that I could get a picture without taking it through the glass. Skunk returned, and again I snapped a picture. Coon was again afraid and did a repeat of the previous night. The third evening they reversed the time. They must have become accustomed to the lights or flashes and are regular visitors and provide a good evening show.

If a skunk takes up residence on your property, don't panic. If he is left alone, he will become a good neighbor. Given a choice he'd choose a diet of insects and bugs. He is a nocturnal animal and is superbly equipped to roam at will. His eyes are weak, but his nose is extremely sensitive. Even though his ears are small, he can detect the slightest rustle. He lifts his tail, stamps his feet; but unmolested minds his own business. Each evening I have noticed he moves away at the passing of a car or any other disturbance. He seems to be willing to live and let live—a peaceful animal; beautiful and interesting to watch.

These two were a thrilling sight and a delightful reality of the wilderness.

Animals are such agreeable friends—they ask no questions, they pass no criticisms.

Not many news except the talk of weather. How cold and windy it stays!

The first day of May and it is a beautiful day. Saturday was a beautiful day one began to have hopes that spring had come, but, as someone said Sunday evening when I was talking to them, "I think that I will get it out again." Tommy Gibbs was honored April 19 at a birthday supper at his parents, Mr. and Mrs. Guy Gibbs. Also attending were Mr. and Mrs. Danny Gibbs.

Eddie Smith was around Saturday collecting for the cancer drive. I am afraid that not many of us have not had someone we know and love brought down by this dreaded disease.

Mr. and Mrs. Frank Benson went down this last week end to their son and family in Augusta. Mr. and Mrs. Frank Benson Jr. took his parents to Belgrade and gave them a tour of the lumber mill.

We have had two new additions on our road. The 26th Mr. and Mrs. Ricky Seames became the proud parents of a baby boy born at 3:58 a. m. and his sister Dawn's birthday was the 25th so he just missed her second birthday. Ryan Alan weighed in at 8 lbs. 14 oz.

Mr. and Mrs. Tommy Gibbs are also the proud parents of a baby girl born the 27th in the forenoon. Heather Lynn weighed in at 7 lbs. 15 oz., and as her father's birthday was the 19th, missed by eight days.

The two mothers, Debbie and Linda, shared a semi-private room at the hospital.

Mr. and Mrs. Dick Angevine took their four children Friday to the Chicken Coop, Mexico for supper. Saturday the whole family went to Lewiston, shopping.

Mr. and Mrs. Dick Angevine and Sheri went to Rumford Community Hospital to see Gramma Abbott.

Roberta Saunders, David Hunt, Bethel and Dennis Smith and Susan Perry, East Bethel, went out to a movie Saturday evening.

Mr. and Mrs. Jim Pelzel were Saturday evening guests of Mr. and Mrs. Everett Saunders.

Mrs. Macky Chapman and Mrs. Pat Anderson were amongst the women who left Friday morning for the Christian retreat at Groton, Mass., at Grotonwood. They came back Saturday night.

Mr. and Mrs. Robert Stearns are the grandparents of Ryan Alan and took care of Dawn, while Debbie was in the hospital.

(Bethel Emergency Ambulance &amp; Rescue Service)

Have you ever wondered what training people on ambulance duty have? In the State of Maine, it is required that you satisfactorily complete a 52 hour course in Advanced First Aid and Emergency Care, plus C.P.R. annually. You are then eligible to be licensed as an Ambulance Attendant. This course is offered several times a year in this town. You do not have to be on the ambulance to take this course.

If one is interested in furthering their knowledge and skills in Emergency Care, there are further training courses available. Such as the 81 hour E. M. T. Course, which includes 10 hours spent in an Emergency Room of the hospital of your choice. Satisfactory completion of this course entitles you to be a Maine Ambulance Medical Tech-Ambulance. By taking a National Registry Test and passing you become a Registered-Emer. Med. Tech-Ambulance.

Also courses in Extrication (removing patients from vehicles). Our Ambulance Attendants of which we have become National Registered Emer. Med. Tech-Ambulance. We hope to have more in the future.

These are only a few, but all of these training courses are done in free time and with no monetary compensation.

So rest assured, Ambulance personnel are well trained in the First Aid Care of the sick and injured. Our roster has 24 active Ambulance Attendants of which six have become National Registered Emer. Med. Tech-Ambulance.

**Safety Tip of the Week**  
Consider enrolling in a future First Aid Course. Learn what to do for your family, friend or stranger in an emergency situation. Remember, the knowledge and skill you learn today could save a life tomorrow!

**NOTE OF THANKS**  
We would like to say thank you to all our customers who receive the Sunday Telegram. A special thanks for being understanding if the paper was late for one reason or another. We appreciate all of you and will miss you, Bill Shimamura, assisted by Joe and Jody Shimamura, will be taking over. I hope you show them the same courtesy that we've received in the past. God bless you all.

CHILDREN'S CENTER

Even though winter has paid us another visit this week we still have our fingers crossed that spring will come back and stay for awhile — hopefully longer. The "new" winter however has not effected the children's outside activities. They can play with a new wagon, bike and many other new toys.

Thursday we will be going to the Rumford playground. The children are very excited about the trip.

During activity period the children are playing with a homemade twister game which Solai Buchanan brought us, painting at the easel, water table, and cutting and pasting spring pictures.

Our Star of the Week is Solai Buchanan—one very proud girl.

The cook's position at the center is open and all are welcome to apply if interested. There are some SPEDY counseling positions open and if you would like to apply contact Sandy Cohen at 364-3721. May 8 is the deadline for Summer Day Care applications, so please get them in if you are interested in day care.

**Letters to the Editor**  
 April 29, 1978  
 Dear Editor:  
 This is a public reply to the notice in this week's Citizen about the proposal for a bike trail within Bethel that would be largely supported by Federal resources.  
 I am completely in favor of a bike trail in the town. I also believe that we ought to be strong enough in our conviction of the community that we fund it ourselves.  
 I am strongly opposed to any attempt to obtain Federal funds for this project where we would be in effect giving up our responsibility for an act that is properly ours to carry out. If we pass this financial buck we continue to encourage this type of program yet pay the price a thousand fold later on with similar programs we in no way want or asked for.  
 We should not be overly influenced by the advocacy of those involved with Federal program coordination when there is (1) no crisis and (2) where it is clearly a community responsibility. We

**ROBERT CRANE ASSOCIATES ARE NOW AFFILIATED WITH THE SETTLERS CORPORATION**  
 Robert Crane Associates has become the exclusive representative of The Settlers Corporation services in the greater Bethel, Andover and Stoneham areas. Settlers advertises its broker's listings throughout the country, screens inquiries and provides weekly lists of prospective buyers to brokers.  
 "This affiliation vastly increases our ability to reach people all over the country who are interested in buying in this area," Mr. Crane noted.  
 Crane added that because its Settlers affiliation provides national exposure for its listings in the area, sales are expected to increase dramatically. Properties will be advertised in major newspapers, key magazines, special interest publications, and pertinent print media throughout the country.  
 Robert Crane Associates has offices in Bethel and Lovell and has served the area since 1971.

**WALKING WITH JESUS CHRIST**  
 Imagine a trip to a happy place where there is song—laughter and merrymaking in abundance and to get there one needs a guide to follow—because he knows the way and he can show the points of interest—where also are the pitfalls to avoid, you realize you must depend on and trust your guide as you wind your way through a maze of obstacles to finally arrive at your destination.  
 A person can find his way through life when he lets Christ be his guide—a child of God knows the pathway is not easy to find and to avoid pitfalls he keeps his spiritual eyes on Jesus, by prayer, daily reading His Word; meditating on it.  
 A Christian in daily communion with his Master overcomes the normal problems that befall man—and if problems do arise he knows how to deal with them. He finds there is no need to walk around and "around the mountain" as the Israelites did for forty years on their way to the promised land—when they could have walked it in eleven days!  
 To walk with Jesus Christ is a delight—on the banks of the river of life are green trees and all manner of fruit—it is pleasant and enriching for the soul.  
 Ps. 25:4 "Show me Thy ways, oh Lord; teach me of Thy paths"—Vs. 10 "Lead me in truth and teach me: for Thou art the God of my salvation; on Thee do I wait all day." Vs. 10 "All the paths of the Lord are mercy and truth—of whom shall I fear?"  
 When Jesus prepares the way the only map needed is the Bible—His Holy Word—in it is advice and directions for every circumstance—we have only to heed and trust Him. Yet how often we fail to listen and "kerplow" we fall into the mud—but, "Praise the Lord," He is ever ready to lift us up and put us on solid ground.  
 With Christ as our guide—He not only leads but lights the way, we have only to "trust and obey, for there is no other way." We should never be weary—but remain in fellowship with the Saints, the true believers—holiness—for in them we find courage and strength to carry on.  
 There is no other way but to follow Jesus Christ—only He can be trusted—There is none other for it is He who waits for us; "Then shall the King say unto them on His Right Hand; 'Come, ye blessed of my Father, inherit the Kingdom prepared for you from the foundation of the World.'" Matt. 25:34.

**GRAPEFRUIT POWER?**—Alan Dunham and Tim Tracy are fighting the energy crisis by developing fruit and vegetable cells (batteries). They are determining the amount of current and the voltage that can be produced by fruits such as apples, grapes, lemons, oranges, grapefruits and limes; also vegetables such as potatoes and carrots. The chemistry students at Telstar also determine whether or not they themselves could be cells by placing electrodes in their mouths and checking the current flow on an ammeter. Guess what! We are all potential batteries!

**GRAPEFRUIT POWER?**—Alan Dunham and Tim Tracy are fighting the energy crisis by developing fruit and vegetable cells (batteries). They are determining the amount of current and the voltage that can be produced by fruits such as apples, grapes, lemons, oranges, grapefruits and limes; also vegetables such as potatoes and carrots. The chemistry students at Telstar also determine whether or not they themselves could be cells by placing electrodes in their mouths and checking the current flow on an ammeter. Guess what! We are all potential batteries!

## NEWS FROM VIKING VILLAGE

At the annual meeting of the Viking Village Association, President Peter Cunningham reported on all the work that has been done with the Skiway and the town of Newry in getting organized, roads repaired, water supply secured and tested, plowing done.  
 For the next season, Lee (Tinker) Whittier was elected President; Arthur Wescott, Vice President; Paula Hodgdon, Sec.-Treas. Members at large will be Warren Bishop, Samuel Bailey, Peter Cunningham, and Sonia Fuller.

This spring has been a busy season for Villagers, and many have had opportunities to travel. Walter and Nancy Whittier took their grandson, Michael, on a trip to Switzerland where they visited their daughter, Julie Norman. Sam and Francis Bailey, and Bob and Dianne Hughes, went with friends on a skiing vacation to Europe. Ray and Joe Stevens attended the National Little League conference in San Francisco, after which they made a side trip to Hawaii. Bob and Barbara Sommer and four children spent the week of spring vacation at the Belmont Resort Hotel in Bermuda. Peter Cunningham went to Texas on business for two weeks. Sunny and Hank Fuller spent the month of March visiting relatives in Panama and the Canal Zone.

Frank Whittier, a senior at North Yarmouth Academy, is in Russia for two weeks. Along with a basketball team sponsored by N.Y.A., he flew to Helsinki and then went by train to Leningrad, and Moscow, where they are scheduled to compete with Russian school teams.  
 Village residents are reminded of a local agreement pertaining to parking on the roads. Please comply and arrange for parked cars to be off the road, for the safety and convenience of all.

We are saddened to learn of the death of William Koen, a vital young man who had great talent and personality. He was formerly an art teacher at Telstar High School. He and his wife Mary built the first A-frame house in the Village.

**WALKING WITH JESUS CHRIST**  
 Imagine a trip to a happy place where there is song—laughter and merrymaking in abundance and to get there one needs a guide to follow—because he knows the way and he can show the points of interest—where also are the pitfalls to avoid, you realize you must depend on and trust your guide as you wind your way through a maze of obstacles to finally arrive at your destination.  
 A person can find his way through life when he lets Christ be his guide—a child of God knows the pathway is not easy to find and to avoid pitfalls he keeps his spiritual eyes on Jesus, by prayer, daily reading His Word; meditating on it.  
 A Christian in daily communion with his Master overcomes the normal problems that befall man—and if problems do arise he knows how to deal with them. He finds there is no need to walk around and "around the mountain" as the Israelites did for forty years on their way to the promised land—when they could have walked it in eleven days!  
 To walk with Jesus Christ is a delight—on the banks of the river of life are green trees and all manner of fruit—it is pleasant and enriching for the soul.  
 Ps. 25:4 "Show me Thy ways, oh Lord; teach me of Thy paths"—Vs. 10 "Lead me in truth and teach me: for Thou art the God of my salvation; on Thee do I wait all day." Vs. 10 "All the paths of the Lord are mercy and truth—of whom shall I fear?"  
 When Jesus prepares the way the only map needed is the Bible—His Holy Word—in it is advice and directions for every circumstance—we have only to heed and trust Him. Yet how often we fail to listen and "kerplow" we fall into the mud—but, "Praise the Lord," He is ever ready to lift us up and put us on solid ground.  
 With Christ as our guide—He not only leads but lights the way, we have only to "trust and obey, for there is no other way." We should never be weary—but remain in fellowship with the Saints, the true believers—holiness—for in them we find courage and strength to carry on.  
 There is no other way but to follow Jesus Christ—only He can be trusted—There is none other for it is He who waits for us; "Then shall the King say unto them on His Right Hand; 'Come, ye blessed of my Father, inherit the Kingdom prepared for you from the foundation of the World.'" Matt. 25:34.

On Sunday, April 30, seven members of the Bethel Lions Club attended the final District 41-L Cabinet meeting. The meeting was hosted by the Scarborough Lions Club and was held at the Marshview Restaurant. Over 250 Lions and Ladies were present.

President-elect Charlie Farrar and 3rd Vice President Peter Anderson attended the President's Instruction School and Secretary-Treasurer Don Clymer took part in the Secretary's School.

During the general business, final plans were announced for the upcoming Multiple District 41 Convention to be held in Portland on May 21-23. Over 1,700 Lions from Maine, Canada, and St. Pierre et Michelon are expected to attend.

A special hour, the District 41-L Awards Banquet was held. While enjoying a fine roast turkey dinner, the group was entertained by the Broadway Celebration Company whose members sang tunes from past and present Broadway shows.

**FRANKLIN GRANGE OBSERVES** OPEN HOUSE ON APRIL 24

Franklin Grange #124 held an open house session at their hall on April 24. Sixty-eight friends and members gathered for the program.

The Grange believes in participation so all sang the Welcome Song then the Master, Richard Pelt, gave the address of welcome. The History of the Grange, written by Ethel MacKenzie and read by her with Harris Hathaway adding on a bit more of the work of the Grange. Charlotte Cole, Richard Pelt and Carl Brooks favored the group with harmonica and bone music. Ruby Emery talked on "How the Grange was of interest to the feminine side of the Grange."

At this time the Master, Mr. Pelt, presented Larry A. Whitman with an Honor Certificate for one who has been very active in the town, having been active in sports himself and later has helped promote healthy sports for the youngsters in town. He has been selected man, fire chief, still is chief and has many more achievements in making this place better.

Mr. and Mrs. Rudy Royer favored the group with beautiful music on the violin and piano. A game, passing a hot potato, was had for the youngsters and some older members depicting that the youth and their elders can have fun together and enjoy it in a healthy manner; reading "My Electric Blanket," an original poem was read by Verna Swan; skit "Too Busy" was played by Carl and Lettie Brooks and Olive Davis; everyone sang "In the Garden"; newspaper readings were read by Harris Hathaway, Carl Brooks and Richard Pelt; a musical romance was read by Lettie Brooks; songs were played by Olive Davis while the audience guessed the name of the song which fitted into the story; closing thought by the Lecturer, Rudy Royer furnished some more beautiful music accompanied by Mrs. Royer on the piano. The flag was retired and the Bible closed before leaving the room.

After the program the visitors and members retired to the dining room where all enjoyed refreshments which were served by members of Franklin Grange with Lettie Brooks and Edith Hathaway heading the committee.

## VIEW FROM OLD SPEC

As a fitting capstone to the prolonged winter just passed, a group of four from the Bethel area made a sojourn into the Mahoosuc Range beginning Sunday afternoon, April 16, at the base of Old Spec in Grafton Notch and ending two days later on the Sunday River road in Newry. And in contrast to the appearance of spring in Bethel proper, the party were able to return to winter conditions reminiscent of the storms of a few months previous. Making the trip were Marc Packard and Kurt G. Brown of Bethel, Raymond Wirth of Andover and Randall Bennett of Bethel and Rumford.

With a decided lack of wind on all three days, the event proved to be ideal for observing the natural grandeur of this area, location of Maine's third highest summit (Old Spec at 4180 ft.).

Some three hours after leaving Rt. 26, the party made camp off the Cascade Brook Trail, which skirts the base of the 800 ft. drop of the "Eyebrow." Here, packs were opened, tents set up and a quick meal of high-protein food had. Soon the last rays of the sun disappeared over Baldpate Mountain and a quiet descended over the campsite. As the moon rose, boots, extra clothing and food were packed into the tents and another quick glance at the A. M. C.'s "Maine Mountain Guide" gave clues as to distances the next day.

Monday included an early rise and fine views of Umbagog Lake, Success Pond, and the peaks of the Longfellow Range to the east and north. As the approach was made to the top, the snows deepened and soon a zigzag course up steep slopes barren in their white glare (most trail markers were still buried), made walking on snowshoes a hardship. For a while, the crew made trail in a direct line to the summit, using distant landmarks and the A.M.C. Cater-Mahoosuc map for reference. Finally, at mid-day, all were able to reach the observation tower and enjoy the incredible views of much of Maine and northern New Hampshire.

The remainder of the day included some rough going as the group made its way to Speck Pond between Mahoosuc Arm and Old Speck. A compass came in handy here, as several ridges were en-

## PETITION FOR DISCONTINUANCE

To the Honorable County Commissioners of Oxford County, State of Maine:

We, the Selectmen of the Town of Upton, State of Maine, respectfully represent the Old County Road, so known as the Magalloway Road, that was laid out in 1838 (Vol. 2 page 308); an alteration in 1848 (Vol. 3 page 195), and another location laid out in 1854 (Vol. 4 page 33) is no longer of public necessity as this road was replaced by the road leading from Magalloway Plantation (Township 5, Range 1) to Errol, New Hampshire via Route #16, to Upton, Maine, via Route #26. We therefore respectfully request that said road be discontinued by your board as provided in Title 23, M.R.S.A. Section 2051 et sequi.

Description of that section requested to be discontinued: Beginning on the north side of the Dead Cambridge River, (foot of Mill Road) or Abbotts Mills (known in 1838, 1848 and 1854, to the North line of the Town of Upton (formerly Letter "B"), also being the south line of Township 5, Range 1 (now Magalloway Plantation).

For a more complete description of meets and bounds, see Volumes mentioned above in first paragraph.

Dated this 21st day of April 1977.

## NUTRITION MAGICIANS VISIT CRESCENT PARK SCHOOL

Through the Mystical Medium of Magic, approximately 200 students and teachers at Crescent Park Elementary School, Bethel, have been made aware of the importance of good nutrition.

Scott Wight and Jeff Mills of Telstar Regional High Schools Magic Club have formed an act called "Illusion." Together with Lynda Haegle of Oxford County Community Services, Community Food and Nutrition Program, they have co-ordinated a unique presentation that makes learning about good food both fun and memorable. This vehicle of nutrition education has been presented to

more than 1,000 students in Oxford County.

On Thursday, May 4, at the Red Coach Grill in Portland, Scott and Jeff will be the recipients of the 1978 Maine Volunteer's Action Award. This achievement is awarded to only three groups from the state who demonstrate unselfish giving of themselves for the benefit of others and their community. For their participation with this Community Nutrition Program, they are being recognized and surely all will agree they are truly deserving. Congratulations, Scott and Jeff.

## UNQUESTIONABLY MAGIC

As Elyssa Gersen pumps the "milk machine" (Penny York), Jeff Mills gets a glass of milk from the spout which is Penny's elbow. Scott Wight stands in the background. This was only one of many mystifying acts presented by Wight and Mills at Crescent Park School last Friday morning during a program on nutrition.

"JOE" ROBILIER IS PRESIDENT  
EDUCATION-WORK COUNCIL

At its April 12 meeting, the Bethel Area Community Education Work Council named "Joe" Robilier as President and Chairman of the Board of Directors. John Vrabec, who has served as president since the October 1977 organizational meeting, is being transferred by the U. S. Forest Service to a new assignment in northern Wisconsin. Under Vrabec's leadership the Education-Work Council has completed incorporation as a non-profit organization and has received tax-exempt status from the Internal Revenue Service.

The Education-Work Council's major purpose is to encourage shared responsibility among varied interests in the community to assist young people as they move from education into the world of work. Several activities toward this end have been planned and are in various stages of completion. In an attempt to identify what young people feel would be helpful to them in moving into the world of work, all Telstar High School students have completed a survey. Administered in cooperation with the Student Council, the survey is designed to isolate the kinds of activities that youth feel will be most helpful. The results are presently being compiled and will be available by mid-May. Two students from Bates College in cooperation with Androscoggin Valley Regional Planning Commission, are presently developing profiles of the communities making up MSAD #44. It is expected that these community profiles will help young people gain insight into the future of their hometowns and be useful in making decisions concerning careers in the area.

The Education-Work Council is looking closely at the need for Career Education in the schools and is planning a survey of area businesses to determine future employment outlooks in the region.

Mr. Vrabec has played a major role in the development of the Council and in its early activities. His leadership will be missed.

"Joe" Robilier, a master bricklayer and construction tradesman, is developing a four season resort in the area. Educated in German trade schools and a member of the European Trade Guild, Joe has a strong interest in youth opportunities in the area. He is presently serving on the Board of Directors of the Northern Oxford County Vocational Area (NOVA). The Council looks forward to continuing its work under Joe's leadership.

## Renting Out Your Home

Your home becomes a business if you rent it out either for a year or some seasonal period such as the summer. The costs of running the property are subtracted from the rent to determine the net income from the operation—just as would be done in any other business. Among the expenses that can be charged off are interest on the mortgage, maintenance and repairs, agent's fees, utilities if you pay them, insurance premiums, annual depreciation, and improvements.

If you sell a house you rented as against a home occupied by the owner—there are important tax differences. Depreciation claimed must be

subtracted from the cost of the house. You can't defer the profit from the sale by buying another house. However, you can charge off a loss on the sale against your income for the year.

Tax-wise, renting out your home is a whole new ball game. So as not to pass up any money-saving deductions, I suggest you put your tax return in the hands of a good accountant.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

During the month of April the Greenwood Fire Department held a course in air pack training which was taught by State Instructor Richard Cadwell. Seventeen departmental members attended and completed the course which consisted of care, maintenance and proper use of air packs. The last evening of training the firemen entered a smoke filled building and rescued a person in the form of a dummy.

Instruction was also given in the proper way to vent a structure fire, checking wall fires and the proper way to establish an inside fire line by using walls of rooms within the structure and thus prevent a fire spreading. It is very important for all fire departments to have this type of training as

## Upton

Mrs. Arline Bernier, Corres.

The Stanley Rosemans rented their home, packed and left town last week.

I received a form letter from a member of the Legislative body which, being postage free, was probably paid for by you and I via taxes and high cost of goods and services; promoting the death and devastation of acres of Maine land for benefit of outsiders. According to my information this politician also advocated destroying human life through abortion.

We are enjoying unseasonal chills and snow flurries but are promised that by the time this is printed, there will be an about face and Lady Spring will have asserted her authority.

An unusual person walked into town Tuesday and roamed about the center of town for a few hours, pausing at times to sit by the roadside. Late afternoon he went into the church and the selectmen and church caretaker were notified.

Sandra Perkins of Buckfield and Maude Harrington were in town this week to discuss Nutrition Day Camp.

Elsie Douglass is staying in her home here part of the time. Continued snow and winter damage delayed her occupancy following her return from Florida.

Margaret Mitchell of Sebago spent the week end at her camp on Back Street. She has recently returned from St. Petersburg.

Mr. and Mrs. Shubby Poland and the Don Webber family of Brighton spent the week end at camp here. The Polands have recently purchased a home in Odisfield a few doors from Carl Fickett who owned the Dr. Claude Abbott home for several years.

Many fires must be attacked from within a building which would be very dangerous without air packs as so many different toxic materials are used in today's home furnishings and accessories.

Our thanks to go to Continental Telephone Co. for allowing the department to use the unoccupied building on their property.
